

DBRED D-STICK STRIPS

DETACHING ADHESIVE SEAL FOR SKIRTING BOARD

DBRED D-STICK STRIPS Detaching adhesive seal for skirting board

DESCRIPTION	It allows to eliminate the acoustic bridges created between the floor and the skirting board.	
	The great elasticity avoids that the noise on the floor is transmitted to the wall through the direct contact with the skirting board. For a correct acoustic insulation, the seal must be applied before the skirting board. Thank its closed cells structure, there is no moisture build-up, with subsequent fungal growth.	
TECHNICAL CHARACTERISTICS	CHARACTERISTIC	VALUE
	Density:	58 kg/m ³
	Thickness:	1 mm
	Width:	10 mm
	Length:	20 m
	Content per envelope:	5 rolls
	Linear meter per envelope:	100
	N° envelope per box:	30
	Product structure:	Closed cells
	Temperature of use:	-10 +75 °C
	Adhesive:	Synthetic
	Water vapour permeability μ :	2192

All the indications provided in this technical sheet are purely approximate and not binding for legal purpose. The data listed has been gathered from laboratory test and it hence follows that in practical applications on building sites the final products may be subject to variations depending on meteorological conditions and the installation. The user must always check suitability of the product for its specific use, undertaking all liability implicit in and deriving from use of the product, as well as comply with all methods and instruction for use generally referable to "workmanlike" execution. Edilteco S.p.A reserves the right to change the contents of this mechanical data sheet on its final judgment. The spreading of this data sheet through any media, supersedes and cancels the validity of any other technical data sheet previously published.
