EQUIPMENT FOR THE INJECTION  
OF CHEMICAL BARRIERS

## DRYSTOP MACHINE Equipment for the injection of chemical barriers

<p><b>TYPE OF EQUIPMENT</b></p>	<p>Drystop Machine is a pneumatic pump with double membrane for the pouring, supply and low pressure injection (with injection kit) of all liquids or standard density products. The direct suction from the recipient assures a constant distribution of the product.</p> <ul style="list-style-type: none"> <li>· Equipment for the injection of chemical barriers.</li> <li>· With double membrane system allowing a fast inversion.</li> <li>· Lightweight and not hulking.</li> <li>· Reduced air consumption.</li> <li>· High reliability.</li> <li>· The direct suction from the original recipient assures a constant distribution of the product.</li> <li>· All the items in contact with the liquid products are composed of special antacid and fireproof materials.</li> <li>· It does not need of lubrication and maintenance.</li> </ul>	
<p><b>TECHNICAL CHARACTERISTICS</b></p>	<p>Engine:</p>	<p>Pneumatic</p>
	<p>Maximum pressure:</p>	<p>8 Bar</p>
	<p>Weight:</p>	<p>6 kg</p>
	<p>Ratio:</p>	<p>1:1</p>
	<p>Maximum capacity:</p>	<p>24 L/min</p>
<p><b>STANDARD EQUIPMENT</b></p>	<ul style="list-style-type: none"> <li>· Injector kit (5 nozzles).</li> <li>· Pedestal.</li> </ul>	

All the indications provided in this technical sheet are purely approximate and not binding for legal purpose. The data listed has been gathered from laboratory test and it hence follows that in practical applications on building sites the final products may be subject to variations depending on meteorological conditions and the installation. The user must always check suitability of the product for its specific use, undertaking all liability implicit in and deriving from use of the product, as well as comply with all methods and instruction for use generally referable to "workmanlike" execution. Edilteco S.p.A reserves the right to change the contents of this mechanical data sheet on its final judgment. The spreading of this data sheet through any media, supersedes and cancels the validity of any other technical data sheet previously published.
