## ECAP OF EDILTECO GROUP IS CERTIFIED BY NSAI (NATIONAL STANDARD AUTHORITY OF IRELAND) TOO.

After having obtained the Avis Technique for its high technical-performances characteristics, Ecap System of Edilteco Group has also obtained the certification from the Irish Authority NSAI (National Standard Authority of Ireland)

**The National Standards Authority of Ireland** “NSAI” through several tests, has evaluated the performances and the installation method of Ecap System of Edilteco Group (distributed in Ireland by Protherm Ltd), as well as the quality of the materials used for its production. As the result was fully positive, NSAI **has certified the prefinished thermal-insulating board Ecap suitable for use** in conformity with current building norms and fully satisfying to descriptions and specifications declared by Edilteco Group. **The certification No. 10/0348 / Protherm ECAP External Insulation System highlights the inherent characteristics of the Ecap System confirming the product quality.** This is a further confirmation, for Edilteco Group, of the quality of his philosophy consisting in a continuous development of its building products, which are able to offer long-lasting high technical-performance.
