EDILTECO GROUP EXHIBITS AT BATIMAT 2011 IN PARIS

Also this year the presence of Edilteco Group at the Batimat exhibition in Paris (Hall 1 Stand L52) promises to be a great success. Attractive lines and elegant shapes which makes up an aesthetic impact that do not leave indifferent, a significant height of 12 meters and a large exhibiting stand where it is possible to see the best of Edilteco Group production and have the possibility to communicate in comfort with the engineers and the managers of the team. This will be the exhibiting main features of Edilteco Group to the next Batimat in Paris, exhibition in which the group of San Felice sul Panaro, Italy, takes part since 1997. Edilteco Group, in its elegant and modern Paris dress, is composed by the following business units: Thermal Insulation & Chemicals “ for thermal insulation, restoration and dehumidification - dBred Noise Reduction - focused on the acoustic insulation and correction - Protherm Fire Proofing “ for fire protection - and, finally, E&MP Engineering Machines Plants “ which promotes specific yard equipment and industrial manufacturing plants. A great style presence, that of Edilteco Group, so that once again, as in Italy, also in France and elsewhere in the world, our partners and customers can say: WITH EDILTECO YOUR HOME IS IN GOOD HANDS!
